Dear Jim:

Pursuant to our conversation of 11 December 1961, I would like to confirm that, as of this date, I have instituted a work authorization to initiate the project covering the modification of the four Mark "i" Viewers at Omaha. It is my understanding that a task order will be written to Contract BB-425, and will be forwarded shortly.

I have also instituted the necessary authorizations to procure and/or fabricate spare parts required under Contract BB-400. It is also my understanding that this list is approved as submitted.

If the above-mentioned items have been misunderstood by the undersigned, would you kindly inform me so as to minimize my liability.

Thank you very much for your consideration in this matter.

Very truly yours,
